About BSG

BSG is a trusted paraplanning partner for financial advisers across Australia. We bring over a decade of experience in delivering high-quality, compliant, and scalable paraplanning support, tailored to your business needs. With a strong team of seasoned professionals both onshore and offshore, we ensure speed, consistency, and strategic alignment with your advice framework.

What Sets Us Apart

Onshore Expertise

Our paraplanners are based in Australia and bring a strong understanding of local regulatory frameworks, compliance standards, and advice documentation. This ensures the delivery of accurate, compliant, and fit-for-purpose advice documents.

Quality Assurance

Every plan undergoes a structured internal review process by senior paraplanning professionals. This layered approach ensures consistency, accuracy, and alignment with your practice's specific advice philosophy and compliance needs.

Seamless Integration

We work within your systems, templates, and preferred workflows—whether it's your CRM, modelling tools, or documentation formats. Our goal is to function as a true extension of your internal team.

Strategic Support

Our service model is designed to scale with your practice. From day-to-day plan preparation to high-volume or complex strategies, we provide the flexibility and reliability needed to support your growth trajectory.

Our Key Strengths

Outsourcing can **revolutionise your business by boosting efficiency and productivity**. But with so many options, it can be overwhelming to know where to begin.

At **BSG**, we are your guide to a successful outsourcing journey. We will help you prepare your business, navigate the transition, and ensure a smooth process every step of the way.

Cost Savings: Efficient processes and offshoring models reduce operational costs without compromising service quality.

Employee Training & Recruitment: We continuously train and recruit talented paraplanners, ensuring a skilled workforce that adapts to your evolving needs.

Continuity & Flexibility: If one resource leaves, we ensure seamless transitions with another resource stepping in, maintaining uninterrupted service.

Compliance Assurance: Our experienced review team rigorously checks all SOAs and advice documents to ensure adherence to compliance standards.

Security Matters

No matter how you store your data—whether on-site, in the cloud, or with a third-party provider—there's always a risk of sensitive information being compromised. We've implemented robust security measures to protect your data, including:

We understand that client data privacy and security is critical for any advice business.

Our Commitment:

BSG is committed to providing security to the confidentiality, integrity, and availability of all the information assets—physical or electronic, of the organization and to effectively managing the risks associated with these asset.

The entire work area & systems are under CCTV surveillance.

USB ports and external devices are strictly disabled to maintain a secure and controlled workplace.

Use of the internet is restricted to work-related sites only.

IP authentication ensures business sites of the firm are available to authorized parties.

ISO Certification:

Our group's businesses have all received ISO 27001 certification. As a result, significant portions of our offices and data-handling systems meet or exceed the standards set by the world's leading information security management organizations. In order to prevent a breach of our organization's and our clients' data, we have both physical and non-physical controls.
